

BCC Distribution, Inc.

The Complete Source for All Your Barcode & RFID Needs!

WHAT BCC DISTRIBUTION IS ABOUT:

BCC Distribution is a data collection solution provider that specializes in integrating barcode scanning equipment (mobile terminals, scanners, printers, wireless infrastructures) into a company's system. This is done by combining the concepts of a hardware distributor, software developer and systems integrator to deliver specific barcode and RFID solutions that meet the unique requirements of manufacturers and distributors. BCCD's solutions are designed to combine tasks, automate functions, comply to industry standards and reduce costs within the business process, so as to improve profits, and the bottom line of the company. *BCCD has over 17 years experience!*
